All purchases of typewriting machines during the fiscal year 1925 by executive departments and independent establishments for use in the District of Columbia or in the field, except as hereinafter provided, shall be made from the surplus machines in the stock of the General Supply Committee. The War Department shall furnish the General Supply Committee, immediately upon the approval of this act, a complete inventory of the various makes, models, and classes of typewriters in its possession, the condition of such machines, and the point of storage, and shall turn over to the General Supply Committee such typewriting machines in such quantities as the Secretary of the Treasury from time to time may call for by specific requisition for sale to the various services of the Government. If the General Supply Committee is unable to furnish serviceable machines to any such service of the Government, it shall furnish unserviceable machines at current exchange prices, and such machines shall then be applied by the service of the Government receiving them as part payment for new machines from commercial sources in accordance with the prices fixed in the preceding paragraph. And in selling typewriting machines to the various services the General Supply Committee may accept an equal number of unserviceable machines as part payment thereon at the exchange prices quoted in the current general schedule of supplies (*acts Feb. 25, 1919, vol. 40, p. 1163, sec. 1; Jan. 3, 1923, vol. 42, p. 1090, sec. 1*) 115,840.00 120,000.00
